During the tests, the student will log in to the MS Teams application, have a microphone, camera and will perform a test in the Moodle system.

The student completes the course if he / she obtains at least 60% of points (ie 30 points) from the continuous assessment, so that he / she can go to the exam and min. 60% of the exam points (ie 30 points) to pass the exam. The points that the student obtains during the semester and in the exam are included in the final grade of the subject.

Before solving the exam test, student must be logged in to the MS Teams application, have a microphone and camera switch on. Student is performing the exam test in the Moodle system. Student writes the solution by hand on paper, continuously is inserting own solution into the Moodle system while checking the compliance of its solution on paper with what it enters into the system. When the exam test is closed, the signed handwritten solution will be photographed or scanned together with student card (ISIC) and putted into the Moodle system. The student is obliged to have ensured a functioning internet connection during the exam tests.
