Creative writing is presented as a creative methodology, which fosters the development of learner's capacities to research and explore creatively and which cultivates the personality of a learner by means of self-expression, self-understanding, self-reflection and self-learning. The key theoretical assumptions lying behind the creative writing approach will be introduced, but the main focus will be learning by doing – students will practise writing in a wide range of creative activities and etudes. After finishing the course the students will <ul style="list-style-type: none"> <li>• get an overview of what creativity is and what are the basic principles of enhancing creativity at schools;</li> <li>• learn some techniques enhancing general writing competence as well as literary competence,</li> <li>• be able to reflect on the creative process and creative products,</li> <li>• be able to apply the learned knowledge and skills to their own academic and creative activities.</li> </ul> The course can be opted for mainly by students of pre-service teacher training programmes.
