STATE EXAM DESCRIPTION

Academic year: 2022/2023	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KAA/A-buAN-585/22	Course title: Bachelor's Degree Thesis Defence
Number of credits: 8	
Educational level: I.	
Course requirements: All matters pertaining to state examination are set out in Article 14 of the Study Regulations of the Faculty of Arts. In the bachelor study programmes, the state examination consists only of the defence of the bachelor's thesis. The student chooses the department as a training centre which corresponds to the discipline within which he/she wants to write the final thesis. He/she reports this choice by the deadline set by the department, provided that he/she is able to find a supervisor and a suitable topic in the relevant department. For the successful defence of the bachelor's thesis as the subject of the state examination in the bachelor degree programmes conducted at the Department of British and American Studies, students will receive credits according to the current study plan (currently 12 credits). Requirements for the admission to the defence are as follows: - fulfillment of the requirements of the study plan concerning the prescribed composition of courses and their credit value so that after awarding the credits for the state examination the student obtains the required number of credits for the bachelor's degree; - submission of the bachelor's thesis (electronically via the academic information system AIS) by the thesis submission deadline corresponding to the relevant state examination period according to the academic year schedule set by the faculty. The thesis is evaluated by the standard grading scale (0-59% -FX, 60-67% -E, 68-75% -D, 76-83% -C, 84-91% -B, 92-100% -A) by the supervisor of the thesis and the designated opponent in the assessment reports, which are available to the student no later than 3 working days before the state examination. The supervisor's report shall also include the percentage of compliance results from the originality check protocols (CRZP, Theses), which must be explicitly evaluated by the supervisor with the wording "the thesis shows/does not show signs of plagiarism". The bachelor's thesis will take the following form: The defence will consist of a thesis presentation (the student chooses the form of the defence, the PPT format can also be used) and the student's response to a broader theoretical question, which is assigned to the student by the supervisor upon the bachelor's thesis submission. The supervisor will include this question in the assessment report as one of the points of discussion for the defence; it will also be included in the defence report. The thesis presentation must: - Include a clearly articulated thesis statement, - have a clear and logical structure of argumentation and findings, - reflect a new perspective on the issue as a result of adequate and appropriate work with the findings gained through own research, the conclusions of which the student is able to present and formulate. The criteria for the evaluation (of the defence) of the bachelor's thesis at the Department of British and American Studies are as follows:	

- Quality of the bachelor's thesis (originality, significance of the analysis, clear formulation of the scientific problem and hypotheses under study, scope of the professional and scientific literature used), - the adequacy of the methodological approach to the topic under study, the analysis logically and coherently answers the research questions, - systematic and logical summary of the results of the analysis, - compliance with citation standards (MLA...), - language level of the presentation (academic language at least at B2 level), - quality of the presentation and communication skills. The evaluation of the thesis will include the areas below with the corresponding weighting (out of 100): PART A: CONTENT • Overall structure and organization (adequacy, scope, objectivity, coherence, cohesion) 15 • Theoretical knowledge related to the research topic 15 • Methodology (identifying concepts, research problems, aims, tasks, choosing adequate methods) 15 • Analysis (quality, depth, complexity) 15 • Originality and contribution (degree of originality, own contribution to knowledge) 10 PART B: FORM • Adequate work with information sources (extent, structure, reliability, adequacy, compliance with a citation style) 15 • Language and style 10 • Typography and layout 5 Scale of assessment (preliminary/final): 0/100 (%)
Learning outcomes: • Upon successful completion of the course, students will be familiar with the basic requirements for academic writing and with the rules of academic integrity. • They will have mastered the theory of working with sources and have the skills to compile correct bibliographic entries. • They will have understood the principles of writing a bachelor's thesis, both in terms of form and content, as laid out by the university's regulations. • They will have understood the causes of plagiarism, they will be able to recognize its types and know how to avoid it. • They will have sufficient research skills to obtain, process, and interpret sources. • They will have mastered the basics for writing a Master's thesis. • They will have a deep knowledge of the thesis topic and will be able to approach it both critically and creatively.
Class syllabus: 1. The student presents the bachelor's thesis in front of the state examination committee, the supervisor and the opponent of the bachelor's thesis, and those present. 2. The student responds to the comments and questions in the assessments. 3. The student responds to the questions of the state examination committee or the questions in a broader debate. 4. The student responds to the pre-given general question from the supervisor's assessment. 5. A closed vote of the state examination committee on the evaluation of the bachelor's thesis defence. 6. Announcement of the evaluation (of the thesis defence) of the bachelor's thesis.

Course requirements: Submission of the bachelor's thesis by the deadline specified in the timetable of the current academic year for the respective date of the state examination. The bachelor thesis is submitted in a printed version in two bound copies (at least one of which is in hardcover) to the relevant department and in an electronic version via AIS. The thesis must meet the parameters specified by Internal Regulation No. 7/2018 Directive of the Rector of Comenius University on the basic requisites of final theses, rigorous theses and habilitation theses, control of their originality, storage and accessibility at Comenius University in Bratislava. The provisions of Article 14 of the Study Regulations of the Faculty of Arts of Comenius University apply to the evaluation of the bachelor thesis as a subject of the state examination. Violation of academic ethics may result in the cancellation of the points scored in the relevant assessment item. Scale of assessment (preliminary/final): 0%/100%	
Learning outcomes: Students are able to demonstrate their ability to work creatively in the field of study in which they have completed the study programme. Students are able to demonstrate adequate knowledge of the subject matter and apply their skills in collecting, interpreting and processing basic literature, or its application in practice, or are able to solve a subtask that is related to the student's field of study.	
Class syllabus: 1. Contribution of the final thesis to the field of study (the evaluation of the bachelor's thesis takes into account whether the students have adequately demonstrated their ability to work creatively in the field of study in which they graduated from the study programme, reflecting the degree of demonstration of skills and knowledge of the issue, assesses the abilities applied in the collection, interpretation and processing of the basic literature, or the extent to which the students have mastered the application of the theoretical background in practice and whether the hypotheses presented in the thesis are verifiable; 2. Originality of the thesis (the thesis must not be plagiarized, it must not infringe the copyrights of other authors), the documentation for the defence of the thesis as a subject of the state examination also includes an originality protocol from the central register, the results of which are commented on by the supervisor and the opponent in their opinions; 3. Accuracy and correctness of the quotation of used information sources, research results of other authors and author teams, correctness of the description of methods and working procedures of other authors or author teams; 4. Compliance of the structure of the thesis with the prescribed structure defined by Internal Regulation No. 12/2013; 5. Respecting the recommended length of the thesis (the recommended length of a bachelor thesis is usually 30-40 standard pages - 54,000 to 72,000 characters including spaces), the appropriateness of the scope of the thesis is judged by the supervisor;	

6. Linguistic and stylistic level of the thesis and formal editing; 7. The manner and form of the thesis defence and the student's ability to respond adequately to comments and questions in the supervisor's and opponent's evaluations.

Course requirements: The student must submit the bachelor's thesis within the deadline specified in the schedule of the current academic year for the relevant date of the state exam. The bachelor thesis is submitted in electronic form via AIS. The work must meet the parameters determined by the internal quality system of Comenius University. The provisions of Article 14 of Internal Regulation no. 5/2020 (Study Regulations of the Faculty of Arts of Comenius University) apply to the evaluation of the bachelor's thesis. Bachelor thesis evaluation criteria consider the fulfilment of the goals of the thesis in its assignment, originality of the work verified by protocols of originality from the CRZP and Theses systems, to the results of which the thesis supervisor and the opponent express their opinions in their evaluations. Correctness and accuracy of citation of used information sources, compliance of the structure of the bachelor's thesis with the prescribed composition defined by the internal quality system of Comenius University and linguistic and stylistic level of work and formal adjustments are also taken in account. The adequacy of the length of the thesis is assessed by the thesis supervisor. The supervisor of the final thesis and its opponent will prepare evaluations of the bachelor's thesis and propose a grade in the A-FX grading scale (0-59% -FX, 60-67% -E, 68-75% -D, 76-83% -C, 84-91% -B, 92-100% -A), which the student receives a minimum of three working days before the defence. In their evaluation the supervisor and opponent will give a particular question related to broader historical context of bachelor thesis which the student will answer during his defence of bachelor thesis. The student orally and with help of presentation (g.e. powerpoint) presents the content, achieved goals, and conclusions of the bachelor's thesis, and answers the questions and comments of the thesis supervisor, opponent, or members of the examination committee. The committee will comprehensively evaluate the quality of the bachelor's thesis, assess the method and form of defence, and the student's ability to adequately respond to comments and questions from the evaluations of the thesis supervisor and the opponent. The evaluation includes also the quality of answers on two specific questions of supervisor and opponent. The student receives their final grade based on the average of the assessment of the thesis supervisor and opponent from their evaluations, and the assessment of the examination committee. Scale of assessment (preliminary/final): 0/100	
Learning outcomes:	

The student has mastered the basic requirements of writing a scientific text in compliance with the rules of academic ethics, is able to work creatively in the field of study in which he completed the study program, and has adequate knowledge and understanding of the relevant issues. The student can apply his skills in the collection, interpretation, and processing of basic scientific literature, or even in its application in practice, or has the ability to solve a partial task related to the focus of the bachelor's thesis. After a successful defence of the bachelor's thesis, the student is able to logically deal with the theoretical background of the bachelor's thesis and respond to questions relating to the relevant issues.
Class syllabus: 1. The student presents the bachelor's thesis in front of the committee for state exams, the opponent of the bachelor's thesis, and those present. 2. The student responds to comments and questions in the evaluations. 3. Answering of 2 specific questions of supervisor and opponents in their thesis evaluation related to the broader historical context of bachelor thesis 4. The student responds to the questions of the committee for state exams or the questions in a broader debate.

Learning outcomes: The student has knowledge of various language skills and distinguishes various styles and genres that enable him/her to successfully master the processes of foreign language communication (oral and written) in a specific segment of the professional sphere, which is the preparation for a profession in a university environment. The student is thus able to talk about his/her university studies in Slovakia, introduce his/her own study programme, describe its practical application and explain his motivation to study. The level of achieved language competence and skills will enable the student to develop subject-specific vocabulary and obtain information from various English language sources. He/She can understand simple authentic texts from humanities and social sciences. The student is able to write a selection of texts used in the academic environment. He/She can extract information and data from simple academic texts and visually present them using graphs and tables, and use appropriate vocabulary when communicating in the academic environment.	
Class syllabus: Selection from: • My study programme (content, graduate profile) • What is an academic text?	

- Language conventions in the academic environment
- Academic and subject-specific terminology and its use
- Academic texts - structure, style, register
- Work with subject-specific model texts with the aim of developing specific language skills
- Development of reading competence (authentic texts from humanities and social sciences)
- Identification of definitions in texts, their use
- Text-making procedures and writing short academic texts (e.g. definitions, listing and comparative-contrast texts, etc.)
- Signal words, their meaning and function
- Use of appropriate signal words
- Transformation of graphs and diagrams into continuous text
- Transformation of continuous text into graphs and diagrams

Prerequisites:	
Course requirements: The output of the completed course is during the teaching part (continuously): - Elaboration of continuous tasks and assignments max. 10 b. - Continuous test of knowledge and skills max. 20 b. - Development of a qualitatively oriented research project max. 30 b. Exam dates will be published via AIS no later than the last week of the semester. in the trial period (at the end): - Final test of knowledge and skills max. 40 b. TOTAL max. 100 points. A minimum of 60% pass is required to successfully complete the course. CLASSIFICATION: A - 93 - 100 (excellent - excellent results), B - 92 - 85 (very good - above average standard), C - 84 - 77 (good - normal reliable work), D - 76 - 69 (satisfactory - acceptable results), E - 68 - 60 (sufficient - the results meet the minimum criteria), Fx - 59 - 0 (insufficient). The teacher accepts max. 2 absences with proven documents. The exact date of the mid-term evaluation will be announced at the beginning of the semester. Exam dates will be published via AIS no later than the last week of the semester. Scale of assessment (preliminary/final): = 70/30.	
Learning outcomes: Upon successful completion of the course, students are able to explain in their own words the basic methodological concepts and theoretical basis of qualitative pedagogical research. They will gain the practical skills needed to study and analyze qualitatively oriented scientific studies in pedagogy. They can describe the differences between qualitative and quantitative research. They can explain the circular logic of qualitative research. They can design their own qualitatively oriented educational research. When creating a qualitatively oriented research project, they can choose suitable and meaningful educational research topics, develop a research project, plan the	

collection and empirically correct analysis of research data (apply the procedures of thematic analysis and grounded theory).

Class syllabus:

1. Qualitative research and its methodological basis.
2. Quality criteria of qualitatively oriented research.
3. The process of qualitative research and its planning. Ethical side of qualitative research.
4. Basic currents of qualitative research: Ethnographic approach, phenomenological analysis, narrative and dramaturgical approach.
5. Designs of qualitative research: grounded theory, case study, biographical and ethnographic design.
6. Methods of research data collection.
7. Methods of processing and analysis of verbal research data.
8. Procedures of interpretation of evaluated research data and creation of theory.
9. Computer-assisted analysis of verbal research data: Atlas Ti.
