Course ID: FiF.KSD/A-buHI-007/15	Course title: Slovak History 1526-1780
Educational activities: Type of activities: lecture Number of hours: per week: 2 per level/semester: 28 Form of the course: on-site learning	
Number of credits: 3	
Recommended semester: 3., 5.	
Educational level: I.	
Prerequisites:	
Course requirements: The students are assessed during the examination period in two phases as follows. The main part is the oral exam. Students can take it only after passing a short factual test consisting of 10 questions (at least 60% of the answers need to be correct, i.e. 6 correct answers out of 10). With these questions the teacher asks them to describe facts, without analyzing or generalizing them. The aim of the test is to make sure the students have the knowledge necessary to answer the questions in the oral exam, at which they will need to discuss interactively, dynamically and thoroughly with the examiner (the results of the test do not influence final grade). At the beginning of the exam, the students draw two random questions whose the exact wording is unknown to them in advance. From the first lesson, however, students will be given more extensive theses on the required (lectured and self-study) topics the questions will be based on. They have 10 minutes to prepare the answers to the questions and 20 minutes for answering. The students take the test and the oral exam on the same day and the final evaluation in the form of a test and an oral exam must be completed not only in regular date, but also in the retake dates. The exact regular and retake dates will be published in the AIS during the credit week. Grading scale: A = 100% – 92% B = 91% – 84% C = 83% – 76% D = 75% – 68% E = 67% – 60% Fx = 59% – 0% Violation of academic ethics will be punished, and the student will lose all the received points in the relevant assessment.
