<b>Recommended semester:</b> 2., 4., 6.	
<b>Educational level:</b> I.	
<b>Prerequisites:</b>	
<b>Course requirements:</b> Active participation in written assignments, their correction and completion as homework, as well as regular exchange of written feedback is required. Collected revised and corrected written work is submitted and graded as a portfolio at the end of the semester. At the end of the semester, students will turn in a portfolio of revised texts for the semester. This is the basis for assessment, and is graded according to the criteria of formality (5 points), linguistic correctness (10 points), and quality of narrative (15 points). A: 30-29 B: 28-26 C: 25-23 D: 22-20 E: 19-17 Fx: 16-0 Violation of academic ethics will result in the nullification of the points earned in the appropriate grade item. Teachers will accept a maximum of 2 absences with verifiable documentation. Scale of assessment (preliminary/final): 100/0	
<b>Learning outcomes:</b> Students know and can use creative writing techniques. They know strategies for revising creative texts and their own writing style. In the course, they acquire writing skills (vocabulary, grammar). They are able to write different types of texts at levels B2 to C2 of the European Framework of Reference for Languages.	
<b>Class syllabus:</b> Students learn what makes for good narrative texts, do exercises to improve their own writing style, and write different types of texts such as poems, short stories, and mini-dramas. We use literary texts, pictures and music, among other things, as stimuli. Students give each other structured feedback to improve their own writing process. At the final reading we present selected texts from the semester.

## COURSE DESCRIPTION

<b>Academic year:</b> 2022/2023	
<b>University:</b> Comenius University Bratislava	
<b>Faculty:</b> Faculty of Natural Sciences	
<b>Course ID:</b> FiF.KGNŠ/BNE-360/20	<b>Course title:</b> Effective Reading in a Foreign Language - German
<b>Educational activities:</b> <b>Type of activities:</b> seminar <b>Number of hours:</b> <b>per week:</b> 2 <b>per level/semester:</b> 28 <b>Form of the course:</b> on-site learning	
<b>Number of credits:</b> 3	
<b>Recommended semester:</b> 2., 4., 6.	
<b>Educational level:</b> I.	
<b>Prerequisites:</b>	
<b>Course requirements:</b> The seminar is designed as an exercise, so there is feedback on the homework, but without a grade. During the exam period: Writing a reading log (7-10 pages) or a literary or scientific text of approximately 10-15 pages, assigned by the teacher. This reading log will be assessed. The assessment criteria are: Does the reading diary provide information about whether and how the text has been read and understood? Has the knowledge gained from the reading been documented in such a way that it can be recalled without re-reading the text? Is there evidence of deeper engagement with what has been read? Were useful reading strategies chosen and used effectively to achieve the reading goals? Students will be admitted to the examination only if at least 60% of the homework assignments have been satisfactorily completed during the course. Violation of academic ethics will result in the cancellation of points earned in the relevant area. Grading scale: A: 100-91%, B: 90-81%, C: 80-73%, D: 72-66%, E: 65-60%, Fx: 59-0% The instructor will accept a maximum of 2 absences with documented evidence. Scale of assessment (preliminary/final): Weighting of midterm/final grades: 10/90	
<b>Learning outcomes:</b> Graduates of the course know what is meant by reading competence in didactically oriented reading research. They know the different reading goals and have a repertoire of reading strategies. They are able to select and use reading strategies in a targeted way in order to solve problems in reading authentic foreign language texts of a higher level of difficulty (literary texts, scientific texts). They can read without a dictionary and use dictionaries without wasting time. They can record the results of reading and prepare them for further use (e.g. visualisation, summarising, listing). They can engage in reading by asking questions about the text and reading in a reflective way.	
<b>Class syllabus:</b> The seminar is designed to "read through" the topics covered by developing excerpts from texts or short articles (in individual, partner, group work, or collaborative plenary) using appropriate reading strategies. Thus, the acquisition of knowledge about the complex, active process of reading should go hand-in-hand with the practice of reading methods and problem-solving strategies, in order to	

combine reading with reflective reading. The topics are: reading competence, academic reading, reading strategies (non-fiction texts, literary texts, professional texts), reading in a foreign language.
