7. Normalization of literature in the 70s: an attempt to revitalize soc. realism (so-called engaged literature, or neoschematism); the changed publishing situation in the early 1970s; officially preferred genres and themes; stratification lit. life in the period of normalization (official literature, exile, dissident, gray zone).
8. Poetry in the period of normalization: Mihálek's school of poetry, so-called engaged literature (M. Válek), its topics and poetics; "non-consolidated", resp. only partially "consolidated" authors (preserving the heritage of the 1960s). Poetry of Š. Strážay and Š. Moravčík as the "reverse" of the normalization picture of the world.
9. Prose of 70.-80. years: inclination to historicism and its socio-cultural interpretation in the so-called novel sagas (V. Šikula, P. Jaroš, I. Habaj, L. Ballek); analytical prose of introspective (R. Sloboda), artistic (J. Johanides) and ironic type (P. Vilikovský, P. Hrúz); prose of model cold (D. Mitana), life paradox (J. Puškáš) and human favor (D. Dušek). Author in opposition: D. Tatarka.
10. Advent of a new generation of poetry and prose in the 80's (J. Urban, I. Kolenič, V. Klimáček, E. Groch). Changes in cultural and political coordinates in the period of the so-called redevelopment.
11. Unofficial and later also the official crowd of the new prose generation, which represents a fundamental departure from the neo-modernist line of Slovak literature of previous generations and presents the so-called prose of ironic perpetuation (P. Pišťanek, D. Taragel, I. Otčenáš). Academic irony of S. Rakús.
12. The vicissitudes of D. Tatarka's life and work as a synecdochal recapitulation of the transformations of society and literature of the individual decades of the second half of the 20th century.

COURSE DESCRIPTION

Academic year: 2023/2024	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KSLLV/A-mpSZ-023/22	Course title: Literary Science
Educational activities: Type of activities: lecture Number of hours: per week: 2 per level/semester: 28 Form of the course: on-site learning	
Number of credits: 4	
Recommended semester: 2., 4.	
Educational level: II.	
Prerequisites:	
Course requirements: This is a non-mandatory course evaluated during the semester. The course is evaluated on basis of written exam during the semester, which will test a) knowledge of individual parts of subject matter presented on lectures (based on the textbook), b) creative (commented) reading of selected paper/essay/book chapter – chosen from those with which the subject matter of lectures is concerned. A specific part of each lecture is a discussion about a particular poem/prose, active participation in this is valuable. Grading scale: 100 – 92: A 91 – 84: B 83 – 76: C 75 – 68: D 67 – 60: E 59 – 0: FX The teacher accepts a maximum of two absences with a written proof of the cause of absence. The exam date will be announced at the beginning of the semester and can be later changed with respect to a student-teacher agreement. Violation of academic ethics results in the cancellation of earned points in the relevant item. Scale of assessment (preliminary/final): 100/0	
Learning outcomes: After successful participation in the course the student has an overview in different approaches to literature of 20th and 21st century and he/she is able to put them into the context of evolutionary steps of art. The student is able to grasp and comment on a scientific metatext (from domains of theory of literature, psychoanalysis, philosophy, esthetics), specific in its approach to literature. The student is capable of selecting aspects of the text in a way enabling him/her to use those in their own interpretation of a literary text or in their own reflection on art. The student is aware of the specifics of exact scientific methods as well as of more open approaches to literature. He/she has	

basic knowledge about developing his/her own competencies of reading and writing with aspects from various discussed metatexts.

Class syllabus:

The course helps in developing of reading and writing competencies. It is aimed at an overview of selected approaches to literature in theory of literature, psychoanalysis, philosophy, and esthetics, in international and domestic culture contexts. The course is executed as a set of interactive lectures.

Topics are:

1. Positivism and its detailed study of author's biography.
2. Formalism and its benefits in more complex interpretation of literary works.
3. „Antirealism“ in essays related to avantgarde art.
4. Psychoanalysis and its insight into functions of libido in the process of creating text..
5. Psychoanalytical insights into existential writing longing to find the meaning of life.
6. Phenomenology and its study of forces of nature (mainly fire and water) in imagination.
7. Structuralism, its “story” in Russian, French, Czech and Slovak context.
8. Structuralist analysis of poetry and prose.
9. Semiology and its suggestions on distancing from lies and power of language.
10. Relationship between terms semiotics and semiology.
11. Postmodern philosophy and esthetics, its insight in approach to art and life.
12. Cognitive sciences in study of poetry and prose.
13. Aspect of gender in history of literature and in its interpretation.

During selected parts of the lectures, Slovak and world poetry and prose will be interpreted and interactively discussed. Visual artworks will also be presented, since one of the goals of the course is to show how science connects to the power of art.

STATE EXAM DESCRIPTION

Academic year: 2023/2024	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KAA/A-mpAN-801/15	Course title: Master's Degree Thesis Defence
Number of credits: 15	
Educational level: II.	
Course requirements: All matters pertaining to state examination are set out in Article 14 of the Study Regulations of the Faculty of Arts. In the master's study programmes, the state examination consists only of the defence of the Master's thesis. The student chooses the department as a training centre which corresponds to the discipline within which he/she wants to write the final thesis. He/she reports this choice by the deadline set by the department, provided that he/she is able to find a supervisor and a suitable topic in the relevant department. For the successful defence of the Master's thesis as the subject of the state examination in the master's degree programmes conducted at the Department of British and American Studies, students will receive credits according to the current study plan (currently 15 credits). Requirements for the admission to the defence are as follows: - fulfillment of the requirements of the study plan concerning the prescribed composition of courses and their credit value so that after awarding the credits for the state examination the student obtains the required number of credits for the master's degree; - submission of the Master's thesis (electronically via the academic information system AIS) by the thesis submission deadline corresponding to the relevant state examination period according to the academic year schedule set by the faculty. The thesis is evaluated by the standard grading scale (0-59% -FX, 60-67% -E, 68-75% -D, 76-83% -C, 84-91% -B, 92-100% -A) by the supervisor of the thesis and the designated opponent in the assessment reports, which are available to the student no later than 3 working days before the state examination. The supervisor's report shall also include the percentage of compliance results from the originality check protocols (CRZP, Theses), which must be explicitly evaluated by the supervisor with the wording "the thesis shows/does not show signs of plagiarism". The Master's thesis will take the following form: The defence will consist of a thesis presentation (the student chooses the form of the defence, the PPT format can also be used) and the student's response to a broader theoretical question, which is assigned to the student by the supervisor upon the Master's thesis submission. The supervisor will include this question in the assessment report as one of the points of discussion for the defence; it will also be included in the defence report. The thesis presentation must: - Include a clearly articulated thesis statement, - have a clear and logical structure of argumentation and findings, - reflect a new perspective on the issue as a result of adequate and appropriate work with the findings gained through own research, the conclusions of which the student is able to present and formulate. The criteria for the evaluation (of the defence) of the Master's thesis at the Department of British and American Studies are as follows:	

- Quality of the Master's thesis (originality, significance of the analysis, clear formulation of the scientific problem and hypotheses under study, scope of the professional and scientific literature used), - the adequacy of the methodological approach to the topic under study, the analysis logically and coherently answers the research questions, - systematic and logical summary of the results of the analysis, - compliance with citation standards (MLA...), - language level of the presentation (academic language at least at B2 level), - quality of the presentation and communication skills. The evaluation of the thesis will include the areas below with the corresponding weighting (out of 100): PART A: CONTENT • Overall structure and organization (adequacy, scope, objectivity, coherence, cohesion) 15 • Theoretical knowledge related to the research topic 15 • Methodology (identifying concepts, research problems, aims, tasks, choosing adequate methods) 15 • Analysis (quality, depth, complexity) 15 • Originality and contribution (degree of originality, own contribution to knowledge) 10 PART B: FORM • Adequate work with information sources (extent, structure, reliability, adequacy, compliance with a citation style) 15 • Language and style 10 • Typography and layout 5 Scale of assessment (preliminary/final): 0/100 (%)
Learning outcomes: • Upon successful completion of the defence, students will be familiar with the basic requirements for academic writing and with the rules of academic integrity. • They will have mastered the theory of working with sources and have the skills to compile correct bibliographic entries. • They will have understood the principles of writing a Master's thesis, both in terms of form and content, as laid out by the university's regulations. • They will have understood the causes of plagiarism, they will be able to recognize its types and know how to avoid it. • They will have sufficient research skills to obtain, process, and interpret sources. • They will have mastered the basics for writing a Master's thesis. • They will have a deep knowledge of the thesis topic and will be able to approach it both critically and creatively.
Class syllabus: 1. The student presents the Master's thesis in front of the state examination committee, the supervisor and the opponent of the Master's thesis, and those present. 2. The student responds to the comments and questions in the assessments. 3. The student responds to the questions of the state examination committee or the questions in a broader debate. 4. A closed vote of the state examination committee on the evaluation of the Master's thesis defence. 5. Announcement of the evaluation (of the thesis defence) of the Master's thesis.

Academic year: 2023/2024	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KKSF/A-mpAR-801/15	Course title: Master's Degree Thesis Defence
Number of credits: 15	
Educational level: II.	
Course requirements: The student must submit the master's thesis within the deadline specified in the schedule of the current academic year for the relevant date of the state exam. The master's thesis is submitted in electronic form via AIS. The work must meet the parameters determined by the internal quality system of Comenius University. The provisions of Article 14 of Internal Regulation no. 5/2020 (Study Regulations of the Faculty of Arts of Comenius University) apply to the evaluation of the master's thesis. The supervisor of the final thesis and its opponent will prepare evaluations of the master's thesis and propose a grade in the A-FX grading scale, which the student receives a minimum of three working days before the defence. Grading scale: 0 – 59%: FX, 60 – 67%: E, 68 – 75%: D, 76 – 83%: C, 84 – 91%: B, 92 – 100%: A. Master's thesis evaluation criteria: 1. The contribution of the master's thesis, the fulfilment of the objectives of the thesis in its assignment, and the requirements for the content of the master's thesis given by the internal quality system of Comenius University. It is assessed whether the student has worked on the chosen topic at the level of scientific study, with a representative selection of scientific literature, with appropriately chosen scientific procedures and hypotheses that can be verified. Demonstration of the ability to work creatively in the study program is evaluated and the degree of demonstration of knowledge and understanding of the diploma thesis is reflected. 2. Originality of the work (master's thesis must not be plagiarized, must not infringe the copyrights of other authors); the documentation for the defence of the master's thesis also includes protocols of originality from the CRZP and Theses systems, to the results of which the thesis supervisor and the opponent express their opinions in their evaluations. 3. Correctness and accuracy of citation of used information sources, research results of other authors and group authors, correctness of the description of methods and working procedures of other authors or group authors. 4. Compliance of the structure of the master's thesis with the prescribed composition defined by the internal quality system of Comenius University. 5. Respecting the recommended length of the master's thesis (the recommended length of the master's thesis is usually 50 – 70 standard pages = 90,000 to 126,000 characters, including spaces), the adequacy of the length of the thesis is assessed by the thesis supervisor. 6. Linguistic and stylistic level of work and formal adjustments. The student orally presents the content, achieved goals, and conclusions of the master's thesis, and answers the questions and comments of the thesis supervisor, opponent, or members of the examination committee. The committee will comprehensively evaluate the quality of the master's thesis, assess the method and form of defence, and the student's ability to adequately respond to comments and questions from the evaluations of the thesis supervisor and the opponent. The	

student receives their final grade based on the average of the assessment of the thesis supervisor and opponent from their evaluations, and the assessment of the examination committee. Scale of assessment (preliminary/final): 0/100.
Learning outcomes: Students can create an academically ethical and contributive scientific study with a rich bibliography. They know a lot about the scrutinized field, they are familiar with the existing literature on the topic and they can react and reason promptly to questions and remarks related to it. They are skilled in processing and interpreting information, on the basis of which they are able to formulate their own hypotheses and deduce conclusions, as well as use them to solve potential practical problems.
Class syllabus: 1. The student presents the master's thesis for the commission for the state examinations, opponent and the others present. 2. The student reacts to the assessments; comments on remarks and answers questions. 3. A discussion takes place, in which the student answers questions of the commission for the state examinations and the others present.
State exam syllabus: Depends on the topic of the master's thesis.

Learning outcomes: The student has mastered the basic requirements of writing a scientific text in compliance with the rules of academic ethics. The student knows the methods used in the field of study, is able to work on the chosen topic of the master's thesis at the level of scientific study, with a representative selection of scientific literature, with appropriately chosen scientific procedures and hypotheses that can be verified. After a successful defence of the master's thesis, the student is able to design, implement, critically reflect, and justify his research intention. The student understands the context of the problem, can clearly define research conclusions, state his positions, and make recommendations. He can respond argumentatively and flexibly to questions about the research topic, its methodology, and its conclusions.
Class syllabus: 1. Student presents the bachelor's thesis (app. 10 minutes) in front of the committee for state exams. A ppt presentation can be prepared, which is not necessary. 2. Presentation of the main points of the supervisor's and opponent's reviews, possibly also the questions arising from them. 3. The student's respond to comments and questions in the reviews. 4. The student responds to the questions of the committee for state exams or the questions in a broader debate.

Number of credits: 15	
Educational level: II.	
Course requirements: The student must submit the master's thesis within the deadline specified in the schedule of the current academic year for the relevant date of the state exam. The master's thesis is submitted in electronic form via AIS. The work must meet the parameters determined by the internal quality system of Comenius University. The provisions of Article 14 of Internal Regulation no. 5/2020 (Study Regulations of the Faculty of Arts of Comenius University) apply to the evaluation of the master's thesis. The supervisor of the final thesis and its opponent will prepare evaluations of the master's thesis and propose a grade in the A-FX grading scale, which the student receives a minimum of three working days before the defence. Grading scale: 0-59% -FX, 60-67% -E, 68-75% -D, 76-83% -C, 84-91% -B, 92-100% -A Master's thesis evaluation criteria: 1. The contribution of the master's thesis, the fulfilment of the objectives of the thesis in its assignment, and the requirements for the content of the master's thesis given by the internal quality system of Comenius University. It is assessed whether the student has worked on the chosen topic at the level of scientific study, with a representative selection of scientific literature, with appropriately chosen scientific procedures and hypotheses that can be verified. Demonstration of the ability to work creatively in the study program is evaluated and the degree of demonstration of knowledge and understanding of the diploma thesis is reflected. 2. Originality of the work (master's thesis must not be plagiarized, must not infringe the copyrights of other authors); the documentation for the defence of the master's thesis also includes protocols of originality from the CRZP and Theses systems, to the results of which the thesis supervisor and the opponent express their opinions in their evaluations. 3. Correctness and accuracy of citation of used information sources, research results of other authors and group authors, correctness of the description of methods and working procedures of other authors or group authors. 4. Compliance of the structure of the master's thesis with the prescribed composition defined by the internal quality system of Comenius University. 5. Respecting the recommended length of the master's thesis (the recommended length of the master's thesis is usually 50 – 70 standard pages = 90,000 to 126,000 characters, including spaces), the adequacy of the length of the thesis is assessed by the thesis supervisor. 6. Linguistic and stylistic level of work and formal adjustments. The student orally presents the content, achieved goals, and conclusions of the master's thesis, and answers the questions and comments of the thesis supervisor, opponent, or members of the examination committee. The committee will comprehensively evaluate the quality of the master's thesis, assess the method and form of defence, and the student's ability to adequately respond to comments and questions from the evaluations of the thesis supervisor and the opponent. The	

student receives their final grade based on the average of the assessment of the thesis supervisor and opponent from their evaluations, and the assessment of the examination committee. Scale of assessment (preliminary/final): 0/100
Learning outcomes: The student has mastered the basic requirements of writing a scientific text in compliance with the rules of academic ethics. The student knows the methods used in the field of study, is able to work on the chosen topic of the master's thesis at the level of scientific study, with a representative selection of scientific literature, with appropriately chosen scientific procedures and hypotheses that can be verified. After a successful defence of the master's thesis, the student is able to design, implement, critically reflect, and justify his research intention. The student understands the context of the problem, can clearly define research conclusions, state his positions, and make recommendations. He can respond argumentatively and flexibly to questions about the research topic, its methodology, and its conclusions.
Class syllabus: 1. The student presents the master's thesis in front of the committee for state exams, the opponent of the bachelor's thesis, and those present. 2. Prerequisites:	
Course requirements: To master the elementary scope of the theory and practice of modern Slovak art translation; continuous check, 1 control test in the 6th-9th week of the semester, final seminar paper - a publishing proposal for the translation of a selected work in the 11th week of the semester. In all components of the assessment the student must achieve a minimum of 60% success rate. Grading Scale: 100-90: A 89-85: B 84-75: C 74-70: D 69-60: E 59-0: FX The exact date and topic of the midterm will be announced at the beginning of the semester. The instructor will accept a maximum of 2 excused absences. Scale of assessment (preliminary/final): Course grade scale (continuous/final): 100/00	
Learning outcomes: The course has the character of a theoretical interpretation accompanied by an illustration from translation practice, i.e. the realisation of a translation text and its introduction in the publishing sphere, and it counts on the active participation of students who will develop a publishing proposal for the translation of a work of art at the end of the course. The lecture part will concentrate on providing an elementary overview of theories of translation and, on their basis, will address the key problems that an artistic translator may encounter. One of the aims is to orient OPT students and help them to develop their own conception of translation, to develop an acceptable translation method and to acquire the necessary skills in communicating with the publishing environment.	
Class syllabus: 1. What is the purpose of translation theory; how does its knowledge help in translation; theory as a key to text interpretation, types of translation theories; 2. Empirical reflection on translation; pre-theoretical concepts; translation theory and its systematization;	

3. Key issues in artistic translation 1: translatability vs. untranslatability, invariant and variant components of the text, translation unit, language and style, equivalence and shifts; 4. Key issues in artistic translation 2: time and space in translation - historicization vs. actualization, exoticization vs. naturalization, obsolescence of translation and the need for new translation, intertextuality and translation 5. Genological considerations of translation and access to the text; 6. The subject of translation - the translator, competence, concept and method of translation; visibility vs. invisibility of the translator; types of translators; sociological turn in translatology; 7. Recipient of translation - reader, types of reader; selection of text for translation as a manifestation of cultural attitude; 8. Translation and the publishing environment; 9. The role of the translator as a mediator of another culture; knowledge and competences; 10. Current publishing practice in Slovakia and artistic translation. 11.-12. Discussions with prominent Slovak art translators

STATE EXAM DESCRIPTION

Academic year: 2023/2024	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KMJL/A-mpMA-111/15	Course title: Translating and Interpreting
Number of credits: 3	
Educational level: II.	
Course requirements: The student can take the state exam a) after obtaining at least such number of credits that after obtaining credits for successful completion of state exams, they achieve the necessary number of credits for the proper completion of studies, b) after successful completion of compulsory subjects, compulsory elective subjects, and elective subjects in the composition determined by the study program, c) after fulfilling the student's obligations arising from § 71, par. 3 letter b of the Higher Education Act, d) if no disciplinary action is taken against them. Successful completion of the state exam is one of the conditions for successful completion of the study program. The subject of the state exam is evaluated by the committee for state exams using the grading scale A-FX. The evaluation of the state examination or its part is decided by the examination committee by consensus. If the examination committee does not reach a consensus, the evaluation of the state examination or its part is decided by voting. On the basis of the wording of the study regulations of the faculty (Internal Rules and Regulations 5/2020, Art. 15), the framework dates of state examinations are set by the dean in accordance with the faculty's academic schedule. Departments are obliged to publish the dates of their state exams on the website no later than 5 weeks before they take place. The student registers for the state exam through the academic information system (AIS) at least three weeks before it takes place. The student is entitled to one regular and two resit attempts of the state exam. The regular attempt is the one for which the student applied for the first time within the deadline set for state exams. If the student was evaluated with the FX mark on the regular attempt of the state exam, the student may take resits of the state exam a) on the following dates assigned for state examinations in the relevant academic year or b) on the dates assigned for state examinations in one of the following academic years in accordance with § 65, par. 2 of the Higher Education Act. If the student is unable to come on the day of the state exam for which they have registered on serious grounds, they are obliged to apologize in writing to the chairman of the examination committee in advance or no later than three working days after the date of the state examination or its part, if there were serious obstacles that prevented them to do so in advance. If the student does not attend the state examination or its part without an excuse within the specified period, or if the chairman of the examination committee does not accept their excuse, they are assessed with the FX grade from that attempt of the state exam. Scale of assessment (preliminary/final): 0/100	
Learning outcomes:	

The student who passes the state exam has comprehensively mastered the issue of the state exam in the context of specified areas. The student has theoretical and practical skills based on the current state of information from the theory of knowledge organization and bibliometrics, as well as the ability to apply and use the skills creatively. He is able to apply the things he learned about knowledge organization and bibliometrics to interdisciplinary relationships, is able to think critically, offer solutions for the knowledge organization and bibliometrics problems, and use scientific arguments.

COURSE DESCRIPTION

Academic year: 2023/2024	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KRVŠ/A-mpSZ-005/15	Course title: Translation Criticism
Educational activities: Type of activities: seminar Number of hours: per week: 2 per level/semester: 28 Form of the course: on-site learning	
Number of credits: 4	
Recommended semester: 2., 4.	
Educational level: II.	
Prerequisites:	
Course requirements: a) preparation of a critique of the translation of the selected text/work as a deepening of the discussed issues (50 points) – interim evaluation b) own critique of the translation (50 points) - at the end of the semester or during the exam period. Three absences are accepted; the topics and date of the presentation of the translation critique as well as the actual translation critique will be arranged at the beginning of the teaching part of the semester. Violation of academic ethics will be punished, and the student will lose all the received points in the relevant part of the assessment. Grading Scale: A: 100% - 93% B: 92% - 85% C: 84% - 77% D: 76% - 69% E: 68% - 60% FX: 59% - 0% Scale of assessment (preliminary/final): 50/50	
Learning outcomes: The student acquires knowledge on (literary) criticism of the translated text, learns its literary and social functions, recognizes its genres. He/she acquires the competence to critically and creatively reflect on the methods and different approaches to the evaluation of translation in different non-national cultural spaces, while perceiving this phenomenon also in the traditions of the Slovak cultural context (personages, institutions, concepts of criticism/evaluation of translation). On this basis, he/she is able to choose one of the approaches and create a competent assessment of translated texts.	
Class syllabus: 1. Literary criticism and translation criticism in the system of literary science or translatology. Approaches to translation criticism in contemporary translatology 2. Functions of translation criticism (Popovič, Hochel, Plutko)	

3. Genres of translation criticism/literary advertising
4. Public and non-public (private) translation criticism
5. Institutions important for translation criticism - Translation criticism in literary life and cultural life
6. Criticism of translation criticism
7. History of translation criticism
8. Personages of Slovak translation criticism in the 20th and 21st centuries
9. Self-criticism of translation - writing a review
