STATE EXAM DESCRIPTION

Academic year: 2023/2024	
University: Comenius University Bratislava	
Faculty: Faculty of Law	
Course ID: PraF/dPEU19-S1/19	Course title: Presentation of dissertation thesis and state examination in the field of European Union law
Number of credits: 20	
Recommended semester: 3., 4., 5., 6..	
Educational level: III.	
<p>Course requirements:</p> <p>Continuous assessment: Final evaluation: (100%) The examination committee will assess the submitted theses with emphasis on the qualitative aspect of the revised professional writing and its significance in the scientific field, evaluate the appropriateness of the use of the proclaimed scientific methods and the topicality of the presented hypotheses, including the proposed concept of the future dissertation, new suggestions in the field and the response to the comments of the opponent, and the student's knowledge within the field of study or the focus of the study programme. In relation to these elements, the examination committee shall classify the result of the dissertation examination. Grading scale: A/1 = 91-100%; B/1.5 = 81-90%; C/2 = 73-80%; D/2.5 = 66-72%; E/3 = 60-65%; FX = 0-59%, unless otherwise specified in an internal regulation of the university or faculty.</p>	
<p>Learning outcomes:</p> <p>The learning outcome is the doctoral student's ability to prepare a written thesis for the dissertation examination, which consists of a thesis (project) containing the theoretical foundations of its future solution, the current state of knowledge on the given topic and an analysis of the methodological approach to solving the given problem. The aim is to prepare the doctoral candidate for the debate on the written thesis for the dissertation examination and for the following part of the dissertation examination, in which the doctoral candidate has to demonstrate theoretical knowledge and a comprehensive body of knowledge in the field of the law of the European Union.</p>	
<p>Class syllabus:</p> <p>The student, by submitting the relevant theses and preparing for the examination in the field of study, will gain knowledge concerning the solution of difficult theoretical-applicational questions forming the authorial focus of his/her future dissertation. He/she will acquire the ability to select professional writings respecting the latest scientific knowledge and, taking this into account, to present a selection of appropriate scientific methods (analysis, synthesis, comparison, deduction, grammatical, logical and historical interpretation, including a proclamation of the way in which the relevant research is carried out), relevant hypotheses and the systematics of the future dissertation. The student will enhance his/her professional potential for the purpose of participating in relevant conceptual, analytical and synthesizing work in international scientific teams in order to contribute to the development of the relevant field of study or to the focus of the relevant degree programme.</p>	
State exam syllabus:
