COURSE DESCRIPTION

Academic year: 2024/2025	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KRom/A-moRO-130/21	Course title: Selected Chapters in French-Slovak Contrastive Linguistics 1
Educational activities: Type of activities: lecture / seminar Number of hours: per week: 1 / 1 per level/semester: 14 / 14 Form of the course: on-site learning	
Number of credits: 4	
Recommended semester: 1.	
Educational level: II.	
Prerequisites:	
Antirequisites: FiF.KRom/A-mpFR-019/13	
Course requirements: a) during the semester, the student will receive 30 points of the overall evaluation on a continuous basis based on active work in class (research, reading and preparation of texts, reading of theoretical accompanying texts related to the given issue), b) in the examination period, the student will receive 70 points for the final written work (analysis of a linguistic phenomenon in French and in Slovak, according to the phenomena covered). The student will be given a choice of topic to work on according to the teacher's instructions in the examination period. The topics of the written work are regularly updated. Credits will not be awarded to students who receive less than 60 points of the overall evaluation based on the average calculated from their work in class and the final written work. Grading scale: 100-90: A 89-85: B 84-75: C 74-70: D 69-60: E 59-0: FX The teacher will accept a maximum of two absences. The date and topics of the final work will be announced through AIS no later than in the last week of the instruction period. Scale of assessment (preliminary/final): Scale of assessment (preliminary/final): 30/70	
Learning outcomes: Since the student only deals with some selected phenomena of French grammar during the semester, they have a broad knowledge and theoretical understanding of these phenomena, which confronts the description of the phenomena by several grammarians or linguists. Based on the analysis of French texts and the creation of a comparative corpus, the student can grasp the linguistic phenomenon in the context of its functioning in French and its linguistic expression in Slovak. After successfully completing the course, the student is sensitive to the linguistic phenomena of	

French grammar and applies their knowledge in their further linguistic practice (e.g., in translation and interpreting, in teaching French as a foreign language, in editorial work, or in comparing the original and the translation, etc.).

Class syllabus:

During the semester, the seminar focuses on two or three phenomena of the French language, mainly phenomena that cause difficulties for Slovak students regarding their mother tongue. The class syllabus is adapted to the selection of the phenomena in question. The phenomena studied include, for example:

1. The position of adverbs in a sentence
2. The article and its functions within the nominal syntagm
3. The impersonal pronoun “on” and its expression in Slovak
4. Negation in French
5. Expressing the past

A particular linguistic unit is discussed:

1. In practical exercises
2. As a subject of scientific research in scientific texts
3. As the subject of grammatical explanation
4. As a unit of analysis in a French text
5. In the comparison of the original text and its translation (the Slovak expression of the unit)
