STATE EXAM DESCRIPTION

Academic year: 2024/2025	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KPg/A-muPE-992/24	Course title: Didactics of pedagogy
Number of credits: 3	
Educational level: II.	
<p>Course requirements:</p> <p>A student can take the state exam a) after obtaining at least such a number of credits that, after obtaining the credits for successfully passing the state exams, he reaches the necessary number of credits for the proper completion of his studies, b) after successfully completing the mandatory subjects, mandatory optional subjects and optional subjects in the composition determined by the study program, c) after fulfilling the student's obligations arising from § 71, par. 3 letters b of the Act on Universities, d) if no disciplinary proceedings are being conducted against him.</p> <p>Successful completion of the subject of the state exam is one of the conditions for successful completion of the study program. The subject of the state exam is evaluated by the commission for state exams with classification grades A to FX. The examination board decides on the evaluation of the state exam or its part by consensus. If the examination committee does not reach a consensus, the evaluation of the state examination or its part is decided by voting.</p> <p>Based on the wording of the study regulations of the faculty (VP 5/2020, Article 15), the framework dates of state exams are set by the dean in accordance with the faculty study schedule. The department is obliged to publish the dates of the state exams on the website no later than 5 weeks before they take place. The student registers for the state exam through the academic information system at least three weeks before the exam date.</p> <p>The student is entitled to one regular and two correction dates of the state exam. The regular term is the one for which the student registered for the first time in the term set for the state exams. If the student was evaluated with an FX grade on the regular date of the state exam, the student can take the correction dates of the state exam</p> <p>a) in the following dates for holding state exams in the relevant academic year or b) in the dates for holding state exams in any of the following academic years in accordance with § 65, par. 2 of the Act on Universities.</p> <p>If, for serious reasons, the student is unable to participate in the state exam date for which he has registered, he is obliged to apologize in writing to the chairman of the examination committee in advance or no later than three working days after the state exam date or part of it, if there were serious obstacles that prevented him from apologizing in advance. If a student does not appear for the state exam or part of it on the specified date without an excuse, or if the chairman of the examination committee does not accept his excuse, he is evaluated with an FX grade for the given date of the state exam.</p> <p>Scale of assessment (preliminary/final): 0/100</p>	
<p>Learning outcomes:</p> <p>A student who passes the state exam comprehensively manages the issues of the state exam in the context of the set areas. He has theoretical and practical knowledge based on the current state of knowledge from the didactics of pedagogy, as well as the ability to apply and use them creatively. He masters the knowledge contained in the teaching of the subjects Didactics of Pedagogy 1 and</p>

<p>Course requirements:</p> <p>A student may take the state examination a) after obtaining at least the number of credits necessary for the proper completion of studies after obtaining credits for successful completion of state examinations, b) after successful completion of compulsory courses, compulsory elective courses and elective courses in the composition determined by the study programme, c) after fulfilling the student's obligations arising from Section 71, paragraph 3, letter b of the Higher Education Act, d) if there are no disciplinary proceedings against him/her. Successful completion of the subject of the state examination is one of the conditions for successful completion of the study programme. The subject of the state examination shall be evaluated by the State Examination Board with classification grades A to FX. The marking of the state examination or part thereof is decided by consensus by the examination board. If the Board of Examiners fails to reach a consensus, the marking of the State examination or part thereof shall be decided by vote. In accordance with the wording of the Faculty's study regulations (VP 5/2020, Art. 15), the framework dates for state examinations are set by the Dean and with the Faculty's study schedule. Departments are obliged to publish their state examination dates on the website at least 5 weeks before the examination. The student shall register for the state examination via the academic information system at least three weeks before the date of the examination. A student is entitled to one regular and two make-up examination dates. The regular examination date is the one for which the student first applied on the date set for the national examinations. If a student has been awarded a grade of FX in the regular state examination, the student may take the make-up state examination dates (a) on subsequent state examination dates in the relevant academic year, or (b) on state examination dates in any of the following academic years in accordance with section 65(2) of the Higher Education Act. If a student is unable, for serious reasons, to attend a state examination date for which he or she has registered, he or she shall be obliged to apologise in writing to the chair of the examination board in advance or, at the latest, within three working days after the date of the state examination or part thereof if there were serious obstacles preventing him or her from apologising in advance. If the student fails to appear for the state examination or part thereof on the specified date without an excuse, or if the chairman of the examination board does not accept the student's excuse, the student shall be marked with a grade of FX for that date of the state examination. The student must achieve a pass mark of at least 60% in all parts of the state examination.</p> <p>Scale of assessment (preliminary/final): 0/100</p>	
<p>Learning outcomes:</p> <p>The student has an overview of selected works of modern German, Austrian and Swiss literature and is able to place them in the context of the overall work of the authors and the broader socio-cultural discourses of the period. Emphasis is placed on one's own reading experience and ability to interpret a given literary work. The student is proficient in the basic theoretical knowledge of German phraseology and can demonstrate active phraseological competence.</p>	

Class syllabus:

1. The student shall attend the registered date of the state examination according to the schedule set by the department.
2. The student presents knowledge of the history of modern German, Austrian, and Swiss literature and his/her own reading experience with selected works according to the list of works published on the department's website. This part of the state examination is carried out in the form of an oral examination.
3. The student is able to make a structural, semantic and pragmatic analysis of the selected phraseology on the basis of an authentic text and to describe it also in terms of lexicography and contrast; this part of the state examination is carried out in the form of an oral or written examination.

The provisions of Article 14 of the Study Regulations of the Faculty of Arts of Comenius University apply to the evaluation of the diploma thesis as a subject of the state examination. Scale of assessment (preliminary/final): 0%/100%	
Learning outcomes: When writing the diploma thesis, students are able to elaborate the chosen topic at the level of a scientific study with a representative selection of literature, with appropriately chosen scientific procedures and hypotheses that can be verified. The diploma thesis is a contribution to the relevant field of study.	
Class syllabus: 1. Contribution of the thesis to the field of study, depending on its nature and degree of study. The evaluation of the thesis takes into account whether the students adequately treat the chosen topic at the level of a scientific study with a representative selection of literature, whether the chosen scientific procedures are adequate and appropriate, and whether they work adequately with hypotheses that can be verified. The diploma thesis shall be an apparent contribution to the relevant field of study. 2. Originality of the thesis (the thesis must not be plagiarized, it must not infringe the copyrights of other authors), the documentation for the defence of the thesis as a subject of the state examination also includes an originality protocol from the central register, the results of which are commented on by the supervisor and the opponent in their opinions; 3. Accuracy and correctness of the quotation of used information sources, research results of other authors and author teams, correctness of the description of methods and working procedures of other authors or author teams; 4. Compliance of the structure of the thesis with the prescribed structure defined by Internal Regulation No. 12/2013; 5. Respecting the recommended length of the thesis (the recommended length of a diploma thesis is usually 50-70 standard pages - 90,000 to 126,000 characters including spaces), the appropriateness of the scope of the thesis is judged by the supervisor; 6. Linguistic and stylistic level of the thesis and formal editing;	

7. The manner and form of the thesis defence and the student's ability to respond adequately to comments and questions in the supervisor's and opponent's evaluations.

Academic year: 2024/2025	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KVD/A-muHI-595/22	Course title: Master's Degree Thesis Defence
Number of credits: 10	
Educational level: II.	
<p>Course requirements:</p> <p>The student must submit the master's thesis within the deadline specified in the schedule of the current academic year for the relevant date of the state exam. The master's thesis is submitted in electronic form via AIS. The work must meet the parameters determined by the internal quality system of Comenius University. The provisions of Article 14 of Internal Regulation no. 5/2020 (Study Regulations of the Faculty of Arts of Comenius University) apply to the evaluation of the master's thesis. The supervisor of the final thesis and its opponent will prepare evaluations of the master's thesis and propose a grade in the A-FX grading scale (0-59% -FX, 60-67% -E, 68-75% -D, 76-83% -C, 84-91% -B, 92-100% -A), which the student receives a minimum of three working days before the defence. Master thesis evaluation criteria consider the fulfilment of the goals of the thesis in its assignment, originality of the work verified by protocols of originality from the CRZP and Theses systems, to the results of which the thesis supervisor and the opponent express their opinions in their evaluations. Correctness and accuracy of citation of used information sources, compliance of the structure of the master's thesis with the prescribed composition defined by the internal quality system of Comenius University and linguistic and stylistic level of work and formal adjustments are also taken in account. The adequacy of the length of the thesis is assessed by the thesis supervisor. The student orally presents the content, achieved goals, and conclusions of the master's thesis, and answers the questions and comments of the thesis supervisor, opponent, or members of the examination committee. The committee will comprehensively evaluate the quality of the bachelor's thesis, assess the method and form of defence, and the student's ability to adequately respond to comments and questions from the evaluations of the thesis supervisor and the opponent. The student receives their final grade based on the average of the assessment of the thesis supervisor and opponent from their evaluations, and the assessment of the examination committee.</p> <p>Scale of assessment (preliminary/final): 0/100</p>	
<p>Learning outcomes:</p> <p>The student has mastered the basic requirements of writing a scientific text in compliance with the rules of academic ethics. The student knows the methods used in the field of study, is able to work on the chosen topic of the master's thesis at the level of scientific study, with a representative selection of scientific literature, with appropriately chosen scientific procedures and hypotheses that can be verified. After a successful defence of the master's thesis, the student is able to design, implement, critically reflect, and justify his research intention. The student understands the context of the problem, can clearly define research conclusions, state his positions, and make recommendations. He can respond argumentatively and flexibly to questions about the research topic, its methodology, and its conclusions.</p>	
<p>Class syllabus:</p> <p>1. The student presents the bachelor's thesis in front of the committee for state exams, the opponent of the master's thesis, and those present.</p>	

2. The student responds to comments and questions in the evaluations.
3. The student responds to the questions of the committee for state exams or the questions in a broader debate.

Educational activities: Type of activities: lecture / seminar Number of hours: per week: 2 / 2 per level/semester: 28 / 28 Form of the course: on-site learning	
Number of credits: 4	
Recommended semester: 1.	
Educational level: II.	
Prerequisites:	
Antirequisites: FiF.KPg/A-muSZ-002/15	
Course requirements: The overall evaluation of the student will be given on the basis of the evaluation of their elaboration of the following tasks: during the teaching part of the course (continuously): - Elaboration of continuous tasks and assignments max. 30 b. - Continuous test of knowledge and skills max. 30 b. in the trial period (at the end): - Final test of knowledge and skills max. 40 b. TOTAL max. 100 points Ongoing evaluation: I. EQUIPMENT AND EXERCISES: Tasks and exercises will focus on the ability of students to apply the acquired theoretical knowledge in solving various tasks: finding a topic, research problem, formulation of research goals, research questions, which theories are most often confirmed in pedagogical research - refuted, deduction of theory towards determination of variables and formulation of hypotheses for quantitatively oriented research, research data collection procedures, used methods and tools of data collection, application of research data analysis procedures - scaling, observation sheets, open, axial coding, or thematic analysis on research data mediated by teachers . For the elaboration of tasks and exercises the student will be able to obtain a total of max. 30 points. II. INTERIM TEST: The continuous test will contain test items focused on the curriculum of the first 3 topics / chapters of the compulsory textbook, for which you can collectively obtain max. 30 points. The midterm test will be completed by the student in person or remotely (according to the current epidemiological situation) via the MS Forms application during the semester after taking over 4 topics. Final rating: III. FINAL TEST: The final test will contain test items focused on the subject matter of the next 4 topics + some items focused on the repetition of topics 1,2 and 3,4, for which you will be able to obtain a max. 40 points. A minimum of 50% success rate is required to successfully complete the course.	

CLASSIFICATION:

A - 91 - 100 (excellent - excellent results),

B - 90 - 81 (very good - above average standard),

C - 80 - 71 (good - normal reliable work),

D - 70 - 61 (satisfactory - acceptable results),

E - 60 - 51 (sufficient - the results meet the minimum criteria),

Fx - 50 - 0 (insufficient).

The teacher accepts max. 2 absences with proven documents.

The exact date of the mid-term evaluation will be announced at the beginning of the semester.

Exam dates will be published via AIS no later than the last week of the semester.

Weight of the mid-term / final evaluation: 70/30.

Scale of assessment (preliminary/final): = 70/30.

Learning outcomes:

Upon successful completion of the course, students know the basic methodological concepts, stages and principles of quantitative and qualitative pedagogical research. They have the skills needed to study and analyze scientific studies in pedagogy and understand the research of others. They are able to design their own educational research, research or action research of the teacher and implement an independent research effort. They have the ability to choose appropriate and meaningful research topics, deftly develop a research project, collect and empirically correct analysis of research data. They can then interpret, defend and publish research data meaningfully and creatively.

Class syllabus:

1. Pedagogical research - definition of basic terms: cognition, science in human cognition, scientific theory, research, pedagogical research, theory, practice, method, methodology. Relation of pedagogical research to practice (R&D). Research - action research - evaluation.

2. Planning, organization and implementation of field pedagogical research: Stages of research work. Research plan and diary of a pedagogical researcher. Research information preparation. Ethics in research work.

3. Thinking about a research problem: The difference between a topic and a research problem. Thinking and judgment of a researcher. Selecting the essential and distinguishing partial phenomena from the general background. Preparation of a research project.

4. Qualitative and qualitative research design: Comparison of qualitative and quantitative research, their philosophical background, goals, focus and procedures in the collection and processing of research data.

5. Qualitative oriented pedagogical research: Selected currents (branches) of qualitative research: Ethnography, Phenomenological analysis, Narrative and Dramaturgical approach, Conversational analysis. Qualitative research procedures. Terrain access. Research methods used in qualitative research. Quality standards of qualitative research.

6. Quantitative oriented pedagogical research and its main phases: Determining the research problem. Variables and hypotheses and their place in pedagogical research. Hypothesis testing in scientific research. Measurement and quantification in pedagogical research.

7. Determination of the selection of research data collection methods: research method, research tool, validity, reliability and correlation coefficient of the research tool. Selection, study and preparation, or creation of tools for collecting research data.

8. Methods of research data collection: Observation, questionnaire, assessment scales, interviews, tests of knowledge and skills, sociometry, semantic differential and pedagogical experiment

9. Processing of obtained research data: Preparation for analysis, Analysis and interpretation of obtained research data (verbal or numerical). Discussion of research conclusions. Making recommendations for practice.

After the completion of the practice, the student completes a practice report, which is handed over to the didactic teacher responsible for the organisation of the practice. In the practice report, the student describes in detail one lesson implemented, with detailed preparation and self-reflection. The student must achieve a minimum success rate of 60%. (b) In the examination period: 100% pass mark. Violation of academic ethics will result in the nullification of the points earned in the relevant assessment item. Grading Scale. A: 100 - 91%, B: 90 - 81%, C: 80 - 73%, D: 72 - 66%, E: 65 - 60%, Fx: 59 - 0% The exact dates of the practicum and the practicum school will be announced at the beginning of the semester. Scale of assessment (preliminary/final): 100/0	
Learning outcomes: The student is able to prepare different lessons for a specific group/class, focusing on different didactic objectives. The student is able to test the prepared teaching procedures in practice and to teach individual lessons in an adequate way. Has the ability to carry out self-reflection of his/her teaching, highlighting positive moments and analysing problematic steps.	
Class syllabus: Before the beginning of the teaching practice at the beginning of the semester, an introductory meeting is held at the faculty with compulsory participation, the content of which is familiarization with the course of the practice and the conditions for its completion. Students will complete 3 teaching practicums in selected practicum schools independently under the supervision of a	

<p>practicum teacher. The practice includes 15 hours, of which 10 hours the student will teach independently and 5 hours will be devoted to the initial interview, consultation of the preparation and analysis of the lessons taught with the trainee teacher.</p> <p>Upon completion of the practical placement, the student submits to the didactic teacher responsible for the organisation of the practical placement a report of the practical placement, focusing on selected aspects of the lesson observation.</p>

Number of credits: 10	
Educational level: II.	
Antirequisites: FiF.KPg/A-muPE-595/15	
<p>Course requirements:</p> <p>The student must submit the master's thesis within the deadline specified in the schedule of the current academic year for the relevant date of the state exam. The master's thesis is submitted in electronic form via AIS. The work must meet the parameters determined by the internal quality system of Comenius University. The provisions of Article 14 of Internal Regulation no. 5/2020 (Study Regulations of the Faculty of Arts of Comenius University) apply to the evaluation of the master's thesis.</p> <p>The supervisor of the final thesis and its opponent will prepare evaluations of the master's thesis and propose a grade in the A-FX grading scale, which the student receives a minimum of three working days before the defence.</p> <p>Grading scale: 0-59% -FX, 60-67% -E, 68-75% -D, 76-83% -C, 84-91% -B, 92-100% -A</p> <p>Master's thesis evaluation criteria:</p> <ol style="list-style-type: none"> 1. The contribution of the master's thesis, the fulfilment of the objectives of the thesis in its assignment, and the requirements for the content of the master's thesis given by the internal quality system of Comenius University. It is assessed whether the student has worked on the chosen topic at the level of scientific study, with a representative selection of scientific literature, with appropriately chosen scientific procedures and hypotheses that can be verified. Demonstration of the ability to work creatively in the study program is evaluated and the degree of demonstration of knowledge and understanding of the diploma thesis is reflected. 2. Originality of the work (master's thesis must not be plagiarized, must not infringe the copyrights of other authors); the documentation for the defence of the master's thesis also includes protocols of originality from the CRZP and Theses systems, to the results of which the thesis supervisor and the opponent express their opinions in their evaluations. 3. Correctness and accuracy of citation of used information sources, research results of other authors and group authors, correctness of the description of methods and working procedures of other authors or group authors. 4. Compliance of the structure of the master's thesis with the prescribed composition defined by the internal quality system of Comenius University. 5. Respecting the recommended length of the master's thesis (the recommended length of the master's thesis is usually 50 – 70 standard pages = 90,000 to 126,000 characters, including spaces), the adequacy of the length of the thesis is assessed by the thesis supervisor. 6. Linguistic and stylistic level of work and formal adjustments. <p>The student orally presents the content, achieved goals, and conclusions of the master's thesis, and answers the questions and comments of the thesis supervisor, opponent, or members of the examination committee. The committee will comprehensively evaluate the quality of the master's thesis, assess the method and form of defence, and the student's ability to adequately respond</p>	

<p>to comments and questions from the evaluations of the thesis supervisor and the opponent. The student receives their final grade based on the average of the assessment of the thesis supervisor and opponent from their evaluations, and the assessment of the examination committee.</p> <p>Scale of assessment (preliminary/final): 0/100</p>
<p>Learning outcomes:</p> <p>The student has mastered the basic requirements of writing a scientific text in compliance with the rules of academic ethics. The student knows the methods used in the field of study, is able to work on the chosen topic of the master's thesis at the level of scientific study, with a representative selection of scientific literature, with appropriately chosen scientific procedures and hypotheses that can be verified. After a successful defence of the master's thesis, the student is able to design, implement, critically reflect, and justify his research intention. The student understands the context of the problem, can clearly define research conclusions, state his positions, and make recommendations. He can respond argumentatively and flexibly to questions about the research topic, its methodology, and its conclusions.</p>
<p>Class syllabus:</p> <ol style="list-style-type: none"> 1. The student presents the master's thesis in front of the committee for state exams, the opponent of the bachelor's thesis, and those present. 2. The student responds to the evaluations – comments and questions. 3. The student responds to the questions of the committee for state exams or the questions in a broader debate.

COURSE DESCRIPTION

Academic year: 2024/2025	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KGNŠ/mNE-352/20	Course title: Training in Teaching German Language
Educational activities: Type of activities: seminar Number of hours: per week: 2 per level/semester: 28 Form of the course: on-site learning	
Number of credits: 3	
Recommended semester: 2., 4.	
Educational level: II.	
Prerequisites:	
Course requirements: a) during the teaching part (ongoing): the seminar is organised in cooperation with the Goethe Institute in the form of Blended Learning. During the semester, students submit assignments electronically, which take approximately 3-4 hours to complete, with a minimum of 75% of all assignments to be submitted. At the same time, three attendance meetings are held during the course of the session with compulsory attendance. At the end of the semester, a practicum project is to be developed and presented. Active work in class throughout the semester, working on assignments and preparing and presenting the project constitutes 100% of the grade. The student must achieve a minimum of 60% pass mark. b) In the examination period: 100% continuous assessment Violation of academic ethics will result in the cancellation of the points earned in the relevant item of assessment. Grading Scale. A: 100 - 91%, B: 90 - 81%, C: 80 - 73%, D: 72 - 66%, E: 65 - 60%, Fx: 59 - 0% The instructor will accept absences from class meetings and failure to turn in assignments with documented evidence. Exact dates and topics for midterm grading will be announced at the beginning of the semester. Scale of assessment (preliminary/final): 100/0	
Learning outcomes: The student has extended didactic competences in different areas depending on the current DLL module in a given semester, e.g. working with young people in the German classroom, typology of tasks and exercises, preparation of the lesson.	
Class syllabus: The topics presented vary depending on the current DLL module that is the focus of the seminar in a given semester. For example: 1. Working with young people in the German classroom. 2. Typology of tasks and exercises. 3. Lesson preparation. During the semester, students will submit assignments electronically, attend three attendance meetings, and develop and present a practicum project at the end of the semester.

COURSE DESCRIPTION

Academic year: 2024/2025	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KGNŠ/A-MNE-001/23	Course title: Lúbostná lyrika a rodová problematika
Educational activities: Type of activities: seminar Number of hours: per week: 2 per level/semester: 28 Form of the course: on-site learning	
Number of credits: 3	
Recommended semester: 1., 3.	
Educational level: II.	
Prerequisites:	
Course requirements: Regular active participation by contributing to discussions and completing preparatory tasks, presentation of a short paper (15 minutes), writing minutes of a meeting (70 percent). Examination period: Oral examination of 20 minutes (30 percent). Prerequisite for admission to the examination is passing the continuous examination (minimum grade E). Violations of academic ethics will lead to the cancellation of the points achieved in the relevant area. Grading scale: A: 100-91%, B: 90-81%, C: 80-73%, D: 72-66%, E: 65-60%, Fx: 59-0% The instructor will accept a maximum of 2 absences with documented evidence. Scale of assessment (preliminary/final): Weighting of midterm/final grades: 70/30	
Learning outcomes: The students can productively apply methods of lyric analysis and interpretation, formulate and justify their own suggestions for interpretation and communicate intersubjectively about interpretations. They know German love poetry from the Baroque to the present and expand their knowledge of literary history. They know canonical and (as yet) non-canonical poems of German-language culture and relevant lyricists. They gain insight into literary, sociological and discourse-historical research theories and can use these for the interpretation of texts. They deal with the existential topics of love, identity and gender in a historical perspective and recognise changeability and continuities. They train their linguistic and scientific competences.	
Class syllabus: The selected love poems are to be located within a triangle of literary history, love discourse and gender discourse, whose components range from the Baroque to the present. The focus is on a) Petrarchism, Anacreontics, Sturm und Drang, Romanticism, literary modernism, Expressionism, Neue Sachlichkeit, contemporary poetry, b) love in times of arranged marriages, the "invention" of romantic love around 1800, continued effects, problematisation and alternative concepts c) from the "one-sex-model" to the "two-sex-model" to gender as a social construct. Love poetry by men and women is dealt with and related to each other. Guiding questions are: Who speaks about love, when and to whom? What taboos are there and what transgressions? How is individual and social	

identity constructed through love? How is masculinity and femininity defined in love poems and how do they challenge gender stereotypes or the norm of heterosexuality?
