COURSE DESCRIPTION

Academic year: 2024/2025	
University: Comenius University Bratislava	
Faculty: Faculty of Law	
Course ID: PraF.NHF-KPPPSZ/ mPEK17-011/17	Course title: Economics of Labour Market and Labour Law
Educational activities: Type of activities: lecture / seminar Number of hours: per week: 2 / 2 per level/semester: 26 / 26 Form of the course: on-site learning	
Number of credits: 5	
Recommended semester: 3.	
Educational level: II.	
Prerequisites:	
Course requirements: independent work, written work, written exam Active performance in exercises - 5% Elaboration of a professional term paper - 10% Final semester written test – 15% Final written exam - 70% Classification scale: A/1 = 91 – 100%; B/1.5 = 81-90%; C/2 = 73-80%; D/2.5 = 66-72%; E/3 = 61-65%; FX = 0-60%.	
Learning outcomes: Students will gain knowledge of the labor market, employment and unemployment. They will become familiar with the situation and basic approaches to solving problems on the national and global labor market and the basic factors influencing the supply and demand for work. They will gain orientation in the tools of active and passive employment policy and labor market policy. The focus of teaching in the field of labor law consists in clarifying the legal regulation of social relations that arise between employers and citizens (employees) on the labor market during the realization of the right to work, or employment rights. The goal is to teach future graduates to correctly navigate the legal regulation of employment and the labor market, to familiarize them with the legal regulation and to guide them to the correct interpretation and application of relevant legislation in practice.	
Class syllabus: Position and functioning of the labor market in a market economy. - Human capital. Population breakdown by economic activity. Specifics of the labor market in a market economy. Forces shaping the labor market. - Labor supply theory and influencing factors. Labor demand theory and influencing factors. Flexibility and flexicurity in the labor market Employment and the European Employment Strategy. - Basic employment indicators and employment development. Labor costs and labor price. - Institutional components of ESZ. Europe 2020 Strategy	

<ul style="list-style-type: none"> - EU structural funds Unemployment. - Models and types of unemployment. Measuring unemployment. Employment policy and labor market policy. - Active and passive labor market policy. Tools of active measures on the labor market - Labor market and labor law - Legal relations in securing the right to work - Standard legal forms of employment - Atypical forms of employment - Right to work and employment policy - Right to work and employment policy in international and European labor law - Right to work and employment policy in Slovak labor law - The right to access employment - Participants in legal employment relations - State administration bodies in the field of employment - Employer - Employee - Job seeker, disadvantaged job seeker and job seeker - Employment service providers - Entities providing employment services free of charge - Entities providing employment services for payment - Active measures on the labor market - Employment mediation - Information and consulting services - Education and preparation for the labor market - Contributions within the provision of employment services - Employment of citizens with disabilities - Legal relations of employment of citizens of other states - Employment of nationals of non-EU member states - Free movement of employees within the European Union
