COURSE DESCRIPTION

Academic year: 2025/2026	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KRom/A-bpSP-22/21	Course title: Acquiring Terminology
Educational activities: Type of activities: seminar Number of hours: per week: 2 per level/semester: 28 Form of the course: on-site learning	
Number of credits: 2	
Recommended semester: 5.	
Educational level: I.	
Prerequisites:	
Course requirements: 30% of the grade consists of a terminology test that students take during the semester. 70% of the grade consists of a term research paper and its presentation. Credit will not be awarded to a student who receives less than 60% of the total grade. The student will be allowed a maximum of 2 absences with documentation. Grading scale: A: 100-92; B: 91-84; C: 83-76; D: 75-68; E: 67-60; FX: 59 and less. The exact date and topics of the midterm assessment will be announced at the beginning of the semester. Examination dates will be announced through AIS no later than the last week of the instruction period. Violation of academic ethics will result in the loss of all received points in the relevant assessment. Scale of assessment (preliminary/final): Scale of assessment (preliminary/final): 30/70	
Learning outcomes: Students will consolidate their linguistic and translational competences, expand specific vocabulary from the thematic areas that they may encounter during community or guide interpreting from and into Spanish. They will become familiar with working with electronic dictionaries, corpora and terminology databases, and learn how to create glossaries. They will practise interpreting from a letter on actual journalistic texts, while improving their general overview of current events in Hispanophone countries. They will become familiar with basic terminology of international relations and European institutions.	
Class syllabus: 1. Introduction to the major Slovak and Spanish terminology databases and corpora. Explanation of the basic strategies for the creation and use of glossaries in technical translation and interpreting. 2. Reading of popular science texts and simpler technical texts focused on the economy, labour market, migration, health system, international relations and European institutions. 3. Exercises aimed at expanding vocabulary in the above-mentioned subject areas. 4. Interpreting from a letter. 5. Individual glossary creation. 6. Reading translational studies focused on specific problems of professional translation and interpreting.	

7. Understanding the text - working with technical dictionaries (explanatory, bilingual, terminological).
8. Issues of searching for equivalents (terms) in the mother tongue - training in searching and consultation of secondary technical literature.
9. Expansion of active vocabulary, training of the most common scientific and technical terms.
10. Text translation - emphasis on accuracy of technical translation.
11. Training in the translation of scientific/popular science texts from area of natural science.

STATE EXAM DESCRIPTION

Academic year: 2025/2026	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KAA/A-bpAN-801/15	Course title: Bachelor's Degree Thesis Defence
Number of credits: 12	
Educational level: I.	
Course requirements: All matters pertaining to state examination are set out in Article 14 of the Study Regulations of the Faculty of Arts. In the bachelor study programmes, the state examination consists only of the defence of the bachelor's thesis. The student chooses the department as a training centre which corresponds to the discipline within which he/she wants to write the final thesis. He/she reports this choice by the deadline set by the department, provided that he/she is able to find a supervisor and a suitable topic in the relevant department. For the successful defence of the bachelor's thesis as the subject of the state examination in the bachelor degree programmes conducted at the Department of British and American Studies, students will receive credits according to the current study plan (currently 12 credits). Requirements for the admission to the defence are as follows: - fulfillment of the requirements of the study plan concerning the prescribed composition of courses and their credit value so that after awarding the credits for the state examination the student obtains the required number of credits for the bachelor's degree; - submission of the bachelor's thesis (electronically via the academic information system AIS) by the thesis submission deadline corresponding to the relevant state examination period according to the academic year schedule set by the faculty. The thesis is evaluated by the standard grading scale (0-59% -FX, 60-67% -E, 68-75% -D, 76-83% -C, 84-91% -B, 92-100% -A) by the supervisor of the thesis and the designated opponent in the assessment reports, which are available to the student no later than 3 working days before the state examination. The supervisor's report shall also include the percentage of compliance results from the originality check protocols (CRZP, Theses), which must be explicitly evaluated by the supervisor with the wording "the thesis shows/does not show signs of plagiarism". The bachelor's thesis will take the following form: The defence will consist of a thesis presentation (the student chooses the form of the defence, the PPT format can also be used) and the student's response to a broader theoretical question, which is assigned to the student by the supervisor upon the bachelor's thesis submission. The supervisor will include this question in the assessment report as one of the points of discussion for the defence; it will also be included in the defence report. The thesis presentation must: - Include a clearly articulated thesis statement, - have a clear and logical structure of argumentation and findings, - reflect a new perspective on the issue as a result of adequate and appropriate work with the findings gained through own research, the conclusions of which the student is able to present and formulate. The criteria for the evaluation (of the defence) of the bachelor's thesis at the Department of British and American Studies are as follows:	

- Quality of the bachelor's thesis (originality, significance of the analysis, clear formulation of the scientific problem and hypotheses under study, scope of the professional and scientific literature used), - the adequacy of the methodological approach to the topic under study, the analysis logically and coherently answers the research questions, - systematic and logical summary of the results of the analysis, - compliance with citation standards (MLA...), - language level of the presentation (academic language at least at B2 level), - quality of the presentation and communication skills. The evaluation of the thesis will include the areas below with the corresponding weighting (out of 100): PART A: CONTENT • Overall structure and organization (adequacy, scope, objectivity, coherence, cohesion) 15 • Theoretical knowledge related to the research topic 15 • Methodology (identifying concepts, research problems, aims, tasks, choosing adequate methods) 15 • Analysis (quality, depth, complexity) 15 • Originality and contribution (degree of originality, own contribution to knowledge) 10 PART B: FORM • Adequate work with information sources (extent, structure, reliability, adequacy, compliance with a citation style) 15 • Language and style 10 • Typography and layout 5 Scale of assessment (preliminary/final): 0/100 (%)
Learning outcomes: • Upon successful completion of the course, students will be familiar with the basic requirements for academic writing and with the rules of academic integrity. • They will have mastered the theory of working with sources and have the skills to compile correct bibliographic entries. • They will have understood the principles of writing a bachelor's thesis, both in terms of form and content, as laid out by the university's regulations. • They will have understood the causes of plagiarism, they will be able to recognize its types and know how to avoid it. • They will have sufficient research skills to obtain, process, and interpret sources. • They will have mastered the basics for writing a Master's thesis. • They will have a deep knowledge of the thesis topic and will be able to approach it both critically and creatively.
Class syllabus: 1. The student presents the bachelor's thesis in front of the state examination committee, the supervisor and the opponent of the bachelor's thesis, and those present. 2. The student responds to the comments and questions in the assessments. 3. The student responds to the questions of the state examination committee or the questions in a broader debate. 4. The student responds to the pre-given general question from the supervisor's assessment. 5. A closed vote of the state examination committee on the evaluation of the bachelor's thesis defence. 6. Announcement of the evaluation (of the thesis defence) of the bachelor's thesis.

STATE EXAM DESCRIPTION

Academic year: 2025/2026	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KKSF/A-bpAR-801/15	Course title: Bachelor's Degree Thesis Defence
Number of credits: 12	
Educational level: I.	
Course requirements: The student must submit the bachelor's thesis within the deadline specified in the schedule of the current academic year for the relevant date of the state exam. The bachelor thesis is submitted in electronic form via AIS. The work must meet the parameters determined by the internal quality system of Comenius University. The provisions of Article 14 of Internal Regulation no. 5/2020 (Study Regulations of the Faculty of Arts of Comenius University) apply to the evaluation of the bachelor's thesis. The supervisor of the final thesis and its opponent will prepare evaluations of the bachelor's thesis and propose a grade in the A-FX grading scale, which the student receives a minimum of three working days before the defence. Grading scale: 0 – 59%: FX, 60 – 67%: E, 68 – 75%: D, 76 – 83%: C, 84 – 91%: B, 92 – 100%: A. Bachelor thesis evaluation criteria: 1. The contribution of the bachelor's thesis, the fulfilment of the goals of the thesis in its assignment, and the requirements for the content of the bachelor's thesis given by the internal quality system of Comenius University. The following is assessed: demonstration of knowledge and skills, ability to work creatively in the study program, ability applied in the collection, interpretation, and processing of basic scientific literature; in the case of an empirically oriented bachelor's thesis also mastering the application of theoretical principles in practice and verifiability of hypotheses. 2. Originality of the work (bachelor thesis must not be plagiarized, must not infringe the copyrights of other authors); the documentation for the defence of the bachelor's thesis also includes protocols of originality from the CRZP and Theses systems, to the results of which the thesis supervisor and the opponent express their opinions in their evaluations. 3. Correctness and accuracy of citation of used information sources, research results of other authors and group authors, correctness of the description of methods and working procedures of other authors or group authors. 4. Compliance of the structure of the bachelor's thesis with the prescribed composition defined by the internal quality system of Comenius University. 5. Respecting the recommended length of the bachelor's thesis (the recommended length of the bachelor's thesis is usually 30 – 40 standard pages = 54,000 to 72,000 characters, including spaces), the adequacy of the length of the thesis is assessed by the thesis supervisor. 6. Linguistic and stylistic level of work and formal adjustments. Originality of the work (bachelor thesis must not be plagiarized, must not infringe the copyrights of other authors); the documentation for the defence of the bachelor's thesis also includes protocols of originality from the CRZP and Theses systems, to the results of which the thesis supervisor and the opponent express their opinions in their evaluations. 3. Correctness and accuracy of citation of used information sources, research results of other authors and group authors, correctness of the description of methods and working procedures of other authors or group authors. 4. Compliance of the structure of the bachelor's thesis with the prescribed composition defined by the internal quality system of Comenius University. 5. Respecting the recommended length of the bachelor's thesis (the recommended length of the bachelor's thesis is usually 30 – 40 standard pages = 54,000 to 72,000 characters, including spaces), the adequacy of the length of the thesis is assessed by the thesis supervisor. 6. Linguistic and stylistic level of work and formal adjustments. The student orally presents the content, achieved goals, and conclusions of the bachelor's thesis, and answers the questions and comments of the thesis supervisor, opponent, or members of the examination committee. The committee will comprehensively evaluate the quality of the bachelor's thesis, assess the method and form of defence, and the student's ability to adequately respond to comments and questions from the evaluations of the thesis supervisor and the opponent. The student receives their final grade based on the average of the assessment of the thesis supervisor and opponent from their evaluations, and the assessment of the examination committee.	

Scale of assessment (preliminary/final): 0/100
Learning outcomes: The student has mastered the basic requirements of writing a scientific text in compliance with the rules of academic ethics, is able to work creatively in the field of study in which he completed the study program, and has adequate knowledge and understanding of the relevant issues. The student can apply his skills in the collection, interpretation, and processing of basic scientific literature, or even in its application in practice, or has the ability to solve a partial task related to the focus of the bachelor's thesis. After a successful defence of the bachelor's thesis, the student is able to logically deal with the theoretical background of the bachelor's thesis and respond to questions relating to the relevant issues.
Class syllabus: 1. The student presents the bachelor's thesis in front of the committee for state exams, the opponent of the bachelor's thesis, and those present. 2. The student responds to comments and questions in the evaluations. 3. The student responds to the questions of the committee for state exams or the questions in a broader debate.

Antirequisites: FiF.KAA/A-bpSZ-027/16 or FiF.KAA/A-bpSZ-028/15 or FiF.KAA/A-bpSZ-027/15	
Course requirements: The course assumes that students have access to a computer running Windows 8 and higher or a Mac running Windows emulator. Continuous assessment of student performance in class during the semester (30% of the final grade). Assessment includes the student's ability to handle individual class assignments (working with translation software and glossaries) and homework that replicates class work using alternative texts. The course ends with a test, which consists of the translation of 1 standard page of text in translation software from Slovak into the language of the student. The test does not evaluate the translation aspect, but only the technical ability to work with the software. The test usually takes place in the last week of the semester and is available on-site and online. The final test makes up 70% of the evaluation. Classification scale: 100% - 91% - A 90% - 81% - B 80% - 71% - C 70% - 61% - D 60% - 51% - E 50% - 0% - FX Teachers accept a maximum of 2 absences with proven documents . Scale of assessment (preliminary/final): 30% continuous evaluation, 70% final evaluation	
Learning outcomes: After completing the course, the student is able to work with translation software and can apply the acquired knowledge and principles not only on one, but also on several translation softwares. Skills include basic software skills - creating and working with translation memories, project and glossary management as well as advanced knowledge, including working with parallel texts, conversions of various input document formats, and project management of translation teams. Students will be able to identify and overcome potential technical difficulties and solve compatibility problems on their own. The graduate masters the basic principles of post-editing and working with machine translation from various providers.	
Class syllabus: 1. Working with a license and school VPN 2. Creating a project, the principle of operation of the translation memory 3. Uploading an additional document into the project, pre - translation 4. Working with tags, document editing after exporting from CAT 5. Creating a translation memory	

from parallel texts and exporting them 6. Working with glossaries; conversion of external glossary and its import into the terminology database 7. Working with external sources of translation memories; memory conversion and its export via .tmx files 8. Translation of subtitles in the CAT tool, principles of working with .srt and .sub files 9. Project backup; receiving and sending project packages 10. Working on a joint online project 11. Machine translation plug-ins and APIs in CAT tools. 12. Post-editing exercises 13. Simulated test; clarification of possible issues

Continuous assessment of student performance in class during the semester (30% of the final grade). Assessment includes the student's ability to handle individual class assignments (working with translation software and glossaries) and homework that replicates class work using alternative texts. The course ends with a test, which consists of the translation of 1 standard page of text in translation software from Slovak into the language of the student. The test does not evaluate the translation aspect, but only the technical ability to work with the software. The test usually takes place in the last week of the semester and is available on-site and online. The final test makes up 70% of the evaluation. Classification scale: 100% - 91% - A 90% - 81% - B 80% - 71% - C 70% - 61% - D 60% - 51% - E 50% - 0% - FX Teachers accept a maximum of 2 absences with proven documents . Scale of assessment (preliminary/final): 30% continuous evaluation, 70% final evaluation	
Learning outcomes: After completing the course, the student is able to work with translation software and can apply the acquired knowledge and principles not only on one, but also on several translation softwares. Skills include basic software skills - creating and working with translation memories, project and glossary management as well as advanced knowledge, including working with parallel texts, conversions of various input document formats, and project management of translation teams. Students will be able to identify and overcome potential technical difficulties and solve compatibility problems on their own. The graduate masters the basic principles of post-editing and working with machine translation from various providers.	
Class syllabus: 1. Working with a license and school VPN 2. Creating a project, the principle of operation of the translation memory 3. Uploading an additional document into the project, pre - translation 4. Working with tags, document editing after exporting from CAT 5. Creating a translation memory

Violation of academic ethics will result in the loss of all received points in the relevant assessment. Scale of assessment (preliminary/final): Scale of assessment (preliminary/ final): 50/50.	
Learning outcomes: This course focuses on various areas of life in Spain - demographics, politics, educational system, etc., through which the student develops an overall picture of Spain during the 20th and 21st centuries. Our goal will be to familiarize the student with the developments in the mentioned areas of life in Spain. After explaining the theoretical parts, we would assess their language skills and their ability to debate logically about topics using appropriate terminology. Both the theoretical and practical part of the course require a comparative perspective with the situation in the respective areas in Slovakia. After the above is fulfilled and the exam is successfully completed, students should achieve the goal of mastering correct terminology, know the basic concepts in both languages, look for information on the topics and be able to argue and discuss each of the topics covered.	
Class syllabus: 1. Introduction to the concept of culture, introduction of Spain, brief historical context 2. Civil War and collective memory: an open wound 3. Geographical, demographic and regional issues (autonomous communities, regional differences, migration, linguistic diversity...) 4. Weather: is it always sunny in Spain? (climate zones and climatic phenomena). 5. Time, schedule and the concept of time in Spain (time zones in Spain and their historical rationale, siesta ...)	

6. The contemporary political panorama, the political system and the distribution of power, the monarchy and the controversy surrounding it.
7. The educational system and science in Spain (how is education structured, what problems does it have, brain drain...)
8. Health and the health system (general issues, euthanasia laws...)
9. Machismo, sexist violence and feminism in Spain (inequalities, abortion laws ...)
10. Spanish economy (tourism as a basic source of income, economic crises, poverty and inequality)
11. The LGBT movement and diversity in Spain (historical context and current panorama)
12. Religion (different religions, religion in the educational system...)
13. Leisure culture and gastronomy (bars, fiestas, tapas, regional festivals, bullfights ...)

COURSE DESCRIPTION

Academic year: 2025/2026	
University: Comenius University Bratislava	
Faculty: Faculty of Arts	
Course ID: FiF.KAA/A-bpSZ-004/15	Course title: Translation Studies 2
Educational activities: Type of activities: lecture Number of hours: per week: 2 per level/semester: 28 Form of the course: on-site learning	
Number of credits: 4	
Recommended semester: 4.	
Educational level: I.	
Prerequisites:	
Course requirements: The course is assessed by a combination of continuous assessment (short tests during the semester, always after the lecture: 50% of the final grade) and a final test (50% of the final grade). The questions in the short tests are aimed at recapitulating the basic concepts covered in the lecture, and the tests are administered through an electronic interface (moodle). The questions in the final test are aimed at verifying the extent to which students have mastered and understood basic concepts in the field of interpreting theory and practice. The date of the final test will be announced by the instructor at least two weeks before the deadline, and usually two dates are offered to students, via AIS. Grading Scale: 100% - 91% - A 90% - 81% - B 80% - 71% - C 70% - 61% - D 60% - 51% - E 50% - 0% - FX The instructor will accept a maximum of 2 absences with documented evidence. Scale of assessment (preliminary/final): 50/50 (%)	
Learning outcomes: Upon completion of the course, students will have a basic understanding of key theoretical and practical concepts in the field of interpreting. The body of knowledge builds on, develops, and adds to the basic translational concepts and specifics in the field of interpreting. Students have a clear understanding of the types, genres, and techniques of interpreting, their applications, and the basic models that describe them. They also understand what the basic cognitive and communicative models of interpreting are, know the specifics of both simultaneous and consecutive interpreting, and know their history and prerequisites for successful implementation. They shall have a basic understanding of the deontology of interpreting and the development of the competences necessary for interpreting.	
Class syllabus:	

1. Basic introduction to interpreting, the lecturer and the content of the courses, explanation of the assessment methodology 2. Basic concepts in the theory and practice of interpreting 3. History of interpreting 4. Communication situations in interpreting and their models 5. Cognitive processes in interpreting and their models 6. Consecutive interpreting - theory and practice 7.
